

CHARUMATHI E

+917092689332 ◇ Chennai, Tamilnadu

charumathie4@gmail.com

SUMMARY

Hey, this is Charumathi, an enthusiastic engineering graduate with a passion for innovation and problem-solving. Proficient in programming languages such as C++, Python with hands-on experience in circuit design and embedded systems. Strong academic background coupled with a keen interest in staying updated with the latest technological advancements. Looking for a wonderful opportunity to develop my skills.

EDUCATION

B.TECH in Electronics and Computer Engineering	2021 - 2025
SRM Institute of Science and Technology, Ramapuram	CGPA : 8.29

Higher Secondary, Grade XII	2020 - 2021
Nazareth Matriculation Higher Secondary School, Chennai	Percentage: 86

Higher Secondary, Grade X	2018 - 2019
The Nazareth Matriculation Higher Secondary School, Chennai	Percentage: 89

SKILLS

Technical Skills	Python, HTML, CSS, AWS, Networking Concepts, C++, IOT
Soft Skills	Communication, Initiative, Organizing, Volunteering
Tools	VSCode, Canva, Adobe Photoshop, Power BI, MS Excel, Figma

PROJECTS

Automated gardening System: Developed custom algorithms for predictive analytics and decision-making, enhancing the efficiency of resource usage and plant growth

Key Tools: Python, Arduino, Raspberry PI, IOT frameworks, Sensors and actuators

Restaurant Website: Developed a static multi-page restaurant website with a menu section, gallery, and contact form. Emphasis on UI/UX design. **Key Tools:** HTML, CSS, Bootstrap (optional), form handling script.

Weather Info UI (Static): Developed a clean weather display interface layout using placeholder data for city, temperature, and forecast. **Key Tools:** HTML, CSS, UI/UX design principles.

Network Performance Analysis: Evaluate network performance issues such as latency, jitter, and packet loss to identify and resolve bottlenecks

Key Tools: Latency graphs, jitter analysis, TCP stream analysis.

CERTIFICATIONS

- Web Development - SRM IST - Ramapuram
- Python Programming - Udemy
- Machine learning - NPTEL
- Course on PSpice - Livewire
- IOT using Smart Devices - TVS Training

POSITIONS OF RESPONSIBILITY

- Member and coordinator of IETE Club - SRM IST

- **ELECTROVANZA - IETE Workshop:**

Electrovanza is conducted by our core members of club IETE of Electronic students which is about to give knowledge about microcontroller and semiconductor.

Key Skills: Arduino, Raspberry PI, Robotics

- **Telemedicine - IETE Workshop:**

Seminar on Telemedicine is about the remote delivery of healthcare services over the telecommunications infrastructure.

- **Hands-on Experience on Robotics:**

We conducted a hands-on workshop on basic robotics, where participants learned the fundamentals of building and programming simple robots. The session provided practical experience in automation, sensors, and coding for real-world applications.

Key Skills: Internet of Things, Arduino UNO, Sensors and Actuator, Interfacing, Python

- **IOT using Smart Devices - TVS Training:**

the workshop conducted by the TVS training we worked on interfacing several different sensors with Arduino UNO and also developed An automated gardening system was built using IOT that consists of temprature, light sensors and respective actuators.

Key Skills: Internet of Things, Arduino UNO, Sensors and actuators, Interface.
